Featured IRM Modules

Simplified Regulatory Supervision

- *Test once, comply many* reduces compliance burden
- Organize risks and controls centrally; link controls that span multiple risks across different functions.
- Expand collaboration between functions and business groups

Higher Confidence with Higher Integration

- Dynamic process builder; combination of parallel/sequential flows with dynamic actors like users, roles, & groups
- Configurable notification templates
- Dynamic rule engine for data transformation

Reduced Cost of Compliance

- Reduced costs by consolidating on a single GRC solution
- Cost reduction by not maintaining duplicated controls, tests, issues, actions, and reporting across multiple disciplines
- Increased audit efficiencies as audit teams have access to control and risk data centrally

Risk Resilience and Informed Decision Making

- Manage risks cascading out of emerging threats to build resilience and reduce impacts of cybersecurity risks
- Gather risk-based insights to make informed investment decisions and optimize cybersecurity efforts

Improved Gap Detection and Remediation

- Pre-built controls & assessment templates against standards (PCI, ISO 27001, GDPR and more)
- Use assessments along with KPIs and KRIs to improve risk and control assurance, identify gaps, and manage emerging risks to achieve operational efficiency

Visibility, Transparency, and Business Agility

- Gain better visibility into your compliance posture by automated and real-time data aggregation, analysis, reporting, and dashboards
- Reduce risk through centralized cross-referenced information across the organization

About TruOps

TruOps was founded to deliver an integrated security, risk, and compliance management cloud-based platform to address the challenges of over engineered, complex GRC implementations. TruOps is an exceptionally adaptive and simple to use platform created by risk, identity, and security professionals. The software uniquely combines risk management with insider and external threat intelligence to give enterprises a holistic view of risk. TruOps is headquartered in Norwalk, Connecticut.
